

# Business Technology and Online Services for FAC Members

The FAC has been working with iPER to implement technology and online services that benefit the membership in the form of an ever changing and informative web site, whilst implementing cost effective and streamlined business processes.

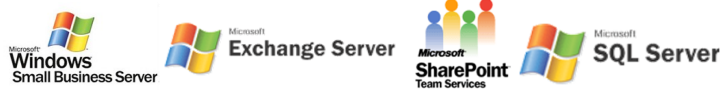

On behalf of its membership the FAC has negotiated a special set of rates with iPER. This means FAC members can also benefit from these technology solutions and advantages. The services are provided on a Pay-As-You-Go per user basis with prices starting from as little as £5 per month.
